

# MCH-1220A

## Features :

- Charging process protection short circuit preventio
- Intelligent soft start battery and charger protection
- Intelligent temperature control Improve charging efficiency
- Low temperature working increase service use time
- Reverse connect protection protective integral circuit
- Automatic power-off remove hidden dangers

**Output DC : 20A Max**

**Input AC : 160-240V.50-60Hz**

**Applicable Batteries : 12V**

**MADE IN CHINA**
